This diagram illustrates the assembly of a hydraulic system, showing the relationship between various components. The main components include:

- Hydraulic Cylinders:** A larger cylinder (19) at the bottom and a smaller one (47) at the top right.
- Valves and Manifolds:** A central valve assembly (1) with a handle, and a manifold (22) connecting the cylinders.
- Hoses and Pipes:** Various lines (10, 13, 32, 30, 29) connecting the components.
- Fittings and Connectors:** Numerous numbered parts (e.g., 2, 3, 4, 5, 6, 8, 9, 11, 12, 33, 34, 35, 36, 37, 38, 39, 40, 42, 43, 44, 45, 46, 50, 51, 53, 54, 55, 56, 57) used for assembly.

An inset box on the left shows a detailed view of the valve assembly (1) and its associated fittings (2, 3, 4, 5, 6).
