PRESENTAZIONE

Nel presente catalogo sono elencati i particolari che compongono la trattrice.

I particolari che compongono la trattrice sono raggruppati in Riferimenti composti da uno o più fogli di cui l'ultimo, dopo il numero di Foglio, è contrassegnato con F. - fine.

Per la rapida ricerca dei particolari, il catalogo è diviso in 5 sezioni principali e la Sezione Telaio è a sua volta suddivisa in gruppi e precisamente: cambio, ponte posteriore, ponte anteriore, presa di potenza, idroguida, carrozzeria, impianto elettrico e ruote.

Per le trattrici con varianti alla costruzione normale, si ritiene valida la medesima come riferimento base, salvo indicazioni specifiche con Riferimenti propri per le varianti.

Per la ricerca del Numero di Ordinazione, a mezzo dell'Indice Numerico, è indicato: il Riferimento e la Fig. di posizione.

Gli asterischi - * -, posti all'inizio delle denominazioni indicano che il particolare, oltre che singolarmente, è venduto come componente del gruppo - C -, composto, indicato all'inizio delle serie degli asterischi.

Quando alla fine della denominazione si danno delle indicazioni per l'uso del particolare, si fa presente che queste indicazioni sono tradotte in lingue in apposita parte del catalogo.

AGGIORNAMENTO DEL CATALOGO

L'aggiornamento del catalogo avviene con l'invio dei fogli modificati, nuova edizione, che vanno a sostituire i fogli precedenti.

Sul foglio modificato verrà indicato da un asterisco - * -, a fianco del Numero di figura, la riga ove è avvenuta la variazione.

I fogli che sono numerati in progressivo di Pagina, avranno il medesimo sistema per l'aggiornamento, escluso l'asterisco indicante la riga modificata.

Per constatare che il catalogo è completo dei suoi componenti, eseguire i sottoindicati controlli:

- 1 - Verificare nel catalogo stampato l'esistenza di tutti i Riferimenti che sono elencati nell'indice delle Sezioni e dei Riferimenti.
- 2 - Per ogni Rif. si hanno dei fogli in progressivo continuo e l'ultimo foglio è contrassegnato con - F - Fine.
- 3 - Il numero di edizione, indicato in progressivo dall'ultima cifra a destra del codice del catalogo e la relativa data di emissione: es. 3078.035.0.0 6-78 foglio alla sua prima edizione, data d'emissione Giugno 1978; 3078.035.0.1 12-78 foglio alla sua seconda edizione, data di emissione Dicembre 1978.

ABBREVIAZIONI

Per i particolari reperibili in commercio, vengono indicate le dimensioni di massima, secondo le tabelle UNI o le tabelle ISO.

Nel catalogo, per esigenze di spazio, vengono abbreviate alcune denominazioni, come qui sotto elencate:

A	= anteriore
C	= composto: insieme di più particolari
DX	= destro
I	= intermedio
INF.	= inferiore
EXP CH	= N. di ordinazione valido solo per tipo esportato in Svizzera
EXP D	= N. di ordinazione valido solo per tipo esportato in Germania
EXP F	= N. di ordinazione valido solo per tipo esportato in Francia
EXP U.S.A.	= N. di ordinazione valido solo per tipo esportato in U.S.A.
P	= posteriore
Rich. M	= particolare da richiedere a metri
SX	= sinistro
SUP.	= superiore
+ MM 0,05	= particolare maggiorato di mm. 0,05, rispetto alla misura base
- MM 0,02	= particolare minorato di mm. 0,02, rispetto alla misura base
Z = 10	= ingranaggio con n. 10 denti

NORME PER L'ORDINAZIONE

L'ordinazione delle parti di ricambio deve contenere le seguenti indicazioni:

- 1 - Modello e tipo della trattrice
- 2 - Numero di matricola del motore, o del telaio, a secondo che il particolare si riferisca all'una o all'altra di queste sezioni.
- 3 - Numero di ordinazione indicato nel catalogo e quantità desiderate.

PRESENTATION

Dans ce catalogue sont énumérées toutes les pièces composant les différentes versions du tracteur.

Les pièces composant le tracteur sont groupées en Références (Rif.) composées d'une ou plusieurs feuilles dont la dernière, après le numéro de la page est marquée d'un « F »; (Fin.).

Pour la recherche rapide des pièces, le catalogue est divisé en 5 sections principales parmi lesquelles la section châssis, qui est à son tour divisée en groupes. Ces groupes sont les suivants: boîte de vitesses, pont arrière, pont avant, P.T.O., direction hydrostatique, carrosserie, circuit électrique, et roues.

Pour les tracteurs présentant des variantes avec ceux des versions normales, les références des versions normales restent valables, sauf indications spécifiques avec des Références propres à ces variantes.

Pour faciliter les recherches, dans l'index numérique figure à côté de la référence de la pièce, la Référence de la feuille et le numéro de la figure (Fig.) correspondant à la pièce.

Les astérisques - * - placés avant la désignation des pièces indiquent que la pièce peut être fournie séparément, ou avec les pièces du groupe - C - dont la référence est indiquée avant la série des astérisques.

Lorsqu'à la fin de la désignation des pièces figurent des indications sur l'utilisation de ces pièces, signifie que ces indications sont traduites en différentes langues dans la partie « traduction » du catalogue imprimé.

MISE À JOUR DU CATALOGUE

La mise à jour du catalogue se fait en remplaçant les anciennes feuilles par les feuilles modifiées « nouvelle édition » envoyées par la SAME.

Sur la feuille modifiée, un astérisque - * -, à côté du numéro de figure, indique la ligne où se situe la modification.

Les feuilles qui sont numérotées en bas de page sont mises à jour de la même façon, sauf en ce qui concerne l'astérisque concernant la ligne modifiée.

Pour s'assurer que le catalogue est complet, effectuer les vérifications suivantes :

- 1 - Vérifier que le catalogue imprimé contienne toutes les Références énumérées dans l'index des sections et des Références;
- 2 - Pour chaque « Rif. » les feuilles sont numérotées et la dernière feuille est marquée par un « F » - Fin.
- 3 - Vérifier le numéro d'édition indiqué par le dernier chiffre à droite du numéro de code du catalogue et la date d'émission.

Ex: 3078.035.1.0 6-78 Feuille à sa 1ère édition date d'émission Juin 1978 3078.035.1.1 12-78 feuille à sa 2ème édition, date d'émission décembre 1978 etc...

ABREVIATIONS

Pour les pièces qu'il est possible de se procurer dans le commerce, il a été indiqué les dimensions suivant le système UNI ou ISO.

Dans le catalogue, sont utilisées les abréviations suivantes :

A	= avant
C	= composé : ensemble de plusieurs pièces
DX	= droit
I	= intermédiaire
INF.	= inférieur
EXP CH	= référence valable uniquement pour les tracteurs exportés en Suisse
EXP D	= référence valable uniquement pour les tracteurs exportés en Allemagne
EXP F	= référence valable uniquement pour les tracteurs exportés en France
EXP U.S.A.	= référence valable uniquement pour les tracteurs exportés en U.S.A.
P	= arrière
Rich. M	= quantité à commander en mètres
SX	= gauche
SUP.	= supérieur
+ MM 0,05	= pièce majorée de 0,05 mm par rapport à la mesure d'origine
- MM 0,02	= pièce diminuée de 0,2 mm par rapport à la mesure d'origine
Z = 10	= engrenage à 10 dents

NORMES POUR LES COMMANDES

La commande des pièces de rechange doit contenir les indications suivantes:

- 1 - Modèle et type de tracteur;
- 2 - Numéro d'immatriculation du moteur ou du châssis selon que la pièce demandée est pour l'une ou l'autre des sections;
- 3 - Numéro de commande indiqué sur le catalogue et la quantité des pièces demandées.

INTRODUCTION

The catalogue lists the item of the parts composing tractor.

Items forming the tractor are grouped into reference lists formed by one or more sheets, the latest of which shall indicate the word F = END.

For an easy consultation, the catalogue is divided into five Sections plus one Chassis Section composed of groups, that is: gear, rear axle, front axle, power-take-off, hydro-steering, bodywork, lighting system and wheels.

Tractors not conforming to normal construction apply the same basic references with exception of the modified parts which have specific indications.

Numerical index shows reference and position numbers to find out easily the part number.

The asterisks - * - placed before the description of the part mean that the item is sold either spare or as a component of group C, placed before the series of asterisks.

After the description you can find information for use of the part translated separately in the printed book.

UP-DATING OF THE CATALOGUE

The up-dating of the catalogue will take place by replacing the existing sheets with the new modified ones.

The asterisk on the new sheet is placed aside the part number which has been modified.

The sheets with progressive page numbering will have the same up-dating system except for the asterisk indicating the modified line.

To ensure that all the components have been included, in the printed book the following checks should be made :

- 1 - All the References shall be listed in the Section and Reference Index.
- 2 - The pages are numbered progressively for each reference and the last page is marked with F (END).
- 3 - The edition number indicated by the last number on the right of the Catalogue code and the corresponding date of issue e.g. 3078.035.2.0 6-78 is a first edition sheet date of issue June 1978; 3078.035.2.1 12-78 a sheet in its second edition, date of issue December 1978; etc.

ABBREVIATIONS

The general dimensions, according in the UNI or ISO systems are indicated for the components available on the market.

For reasons of space, some part specification, listed hereunder, are abbreviated as follows.

A = Anteriore	= Front
C = Composto	= Assembly of different parts
DX = Destro	= Right hand
I = Intermedio	= Intermediate
INF = Inferiore	= Inferior
Exp CH	= Valid for types exported to Switzerland
Exp D	= Valid for types exported to Germany
Exp F	= Valid for types exported to France
Exp U.S.A.	= Valid for types exported to U.S.A.
P = Posteriore	= Rear
Rich.	= Part supplied by meters
SX = Sinistro	= Left hand
SUP = Superiore	= Upper
+ MM 0,05	= Part oversized of 0,05 mm. respect to original one
- MM 0,02	= Part undersized of 0,02 mm. in respect to original one
Z = 10	= Gear with 10 teeth

INSTRUCTIONS FOR SPARES ORDERS

The following particulars have to be stated in the order sheet for spare parts :

- 1 - Model and type of tractor.
- 2 - Serial number of engine, or chassis, according to the section which the part refers.
- 3 - Part number as specified in the Catalogue and the quantity required.

PRESENTACIÓN

En el presente catálogo están elencados los particulares que componen los tipos del tractor.

Los particulares que componen el tractor están reunidos en referencias compuestas para una o más hojas de las cuales la última después el número de la hoja es contramarcada con F-Fin.

Por la rápida búsqueda de los particulares; el catálogo está dividido en 5 Secciones principales y la sec. bastidor es a su vez subdividida en grupos y precisamente: caya de cambio, eje trasero, eje delantero, toma de fuerza (P.T.O.), idroguía, carrocería, alumbrado y ruedas.

Para los tractores con variantes en la construcción normal se retiene válida la misma como referencia base, salvo indicaciones especificadas sus propias referencias por las variantes.

Para buscar la piezas conociendo el número de referencia, se utiliza el índice numérico donde esta indicado con la palabra «Rif.» el grupo al cual pertenece y con la palabra «Fig.» la figura en la cual aparece.

Los asteriscos - * - colocados antes de las denominaciones, indican que el particular, además que singularmente, se vende también como componente del grupo - C -, compuesto, especificado al inicio de la serie de los asteriscos.

Como a la fin de la denominación se dan unas indicaciones por el uso del particular, se hace presente que la denominación es traducida en una parte especial del catálogo.

APLAZAMIENTO DEL CATALOGO

La puesta al día del catálogo se hace con el envío de las hojas modificadas, nueva edición, que sustituyen las hojas anteriores.

Sobre la hoja modificada la raya donde fué efectuada la variación será indicada con un asterisco - * - al lado del número de figura.

Las hojas que son numerados en progresivo de hojas tendrán lo mismo sistema para el aplazamiento con exclusión del asterisco indicándole la raya modificada.

Para constatar que el catálogo es completo de sus componentes, efectuar los ensayos subindicados:

- 1 - Verificar en el catálogo impreso la existencia de las referencias como aquellas indicadas en el índice de las Secciones y de las referencias;
- 2 - Por cada referimiento se tienen unas hojas en progresivo continuo y la última hoja es contramarcada con - F - fin.
- 3 - El número de edición indicado en progresivo de la última cifra a derecha del código del catálogo y la relativa fecha de emisión.

Por ejemplo: 3078.035.3.0 6-78 hoja a su primera edición fecha de emisión Junio del 1978 3078.035.3.1 12-78 hoja a su segunda edición, fecha de emisión Diciembre de 1978; etc.

ABREVIACIONES

Para los particulares reperibles en comercio, se indican las dimensiones corrientes, según las tablas UNI o las tablas ISO:

En el catálogo, por exigencias de espacio, se abrevian las características, más abajo elencadas, del particular.

A	=	Anterior
C	=	Compuesto : conjunto de varios particulares.
DX	=	Derecho
I	=	Intermedio
INF.	=	Inferior
EXP CH	=	N. de pedido válido solo para tipo exportado en Suiza
EXP D	=	N. de pedido válido solo para tipo exportado en Alemania
EXP F	=	N. de pedido válido solo para tipo exportado en Francia
EXP U.S.A.	=	N. de pedido válido solo para tipo exportado en U.S.A.
P	=	Posterior
Rich. M	=	Particular que hay que pedir por metros
SX	=	Izquierdo
SUP.	=	Superior
+ MM 0,05	=	Particular aumentado de mm. 0,05 respecto a la media base
- MM 0,02	=	Particular disminuido de mm. 0,02 respecto a la media base
Z = 10	=	Engranaje con 10 dientes

NORMAS PARA LOS PEDIDOS

Los pedidos de los repuestos deben contener las siguientes indicaciones:

- 1 - Modelo y tipo del tractor.
- 2 - Número de matrícula del motor, o del bastidor según que el particular se refiera a la una o la otras de estas secciones.
- 3 - Número de pedido indicado en el catálogo y cantidades deseadas.

VORWORT

Im vorliegenden Katalog sind die Teile aufgezählt, woraus die Schleppermodelle bestehen.

Die Schlepper-Bestandteile sind in Kennziffern zusammengestellt, die aus einem oder mehreren Blättern bestehen; das letzte Blatt ist mit der Buchstabe F (Fine = Ende) versehen.

Zum raschen Auffinden der Ersatzteile ist der Katalog in 5 Hauptabschnitten geteilt und der Abschnitt Fahrgestell ist in Gruppen geteilt, und zwar: Vorderachse, Getriebe, Zapfwelle, Hinterachse, Hydrolenkung, Karosserie, elektrische Anlage und Räder.

Für die Schleppermodelle, die gegenüber der Normalausführung Änderungen aufweisen, gilt es als Grundausrüstung, es sei denn bezüglich der Varianten auf besondere Angaben hingewiesen wird.

Zum Auffinden der Bestell-Nummer durch das Zahlenverzeichnis ist die Kennziffer und die Positions - Abbildung angegeben.

Die vor den Bezeichnungen gedruckten Sterchen - * - geben an, daß der Teil sowohl als Einzeilstück als auch als Bestandteil der am Anfang der Sternchenreihe angeführten Gruppe - C - erhältlich ist.

Nach der Bezeichnung sind die Anweisungen für das Ersatzteilgebrauch im eigenen gedruckten Katalogteil in Fremdsprachenübersetzt.

LAUFENDE ERGÄNZUNG DES ERSATZTEILKATALOGS

Die laufende Ergänzung der Ersatzteilkatalogs erfolgt durch Zusendung von Ergänzungsblättern, welche die altern ersetzen.

Im Änderungsblatt wird neben der Abb.-Nr. durch ein Sternchen - * - auf die Zeile hingewiesen, wo die Änderung eintritt.

Die seitenfortschreitend nummerierten Blättern befolgen das gleiche Ergänzungssystem, ausgenommen davon, daß hier das Sternchen, wodurch auf die geänderte Zeile hingewiesen wird, nicht eingedruckt ist.

Zur prüfung auf die Vollständigkeit des Katalogs folgendes feststellen:

- 1 - Das Vorhandensein im gedruckten Katalog sämtliches Kennziffern, die im Abschnitten- und Kennziffer- Verzeichnis aufgezählt sind.
- 2 - Die Kennziffer Blätter sind laufend nummeriert und das letzte Blatt hat mit der Buchstabe F (Fine = Ende) versehen zu sein.
- 3 - Die Ausgabe-Nummer, die als fortschreitende Nummer durch die letzte Zahl rechts rechts an der Katalogcode angegeben ist, sowie das Ausgabe-Datum, z.B., 3078.035.4.0 6-78 = erste Ausgabe das Ausgabe-Datum ist Juni 1978; 3078.035.4.1 12-78 = zweite Ausgabe das Ausgabe-Datum ist dezember 1978, u.s.w.

ABKÜRZUNGEN

Für die im Handel erhältlichen Teile werden die ungefähre Abmessungen nach den Tabellen UNI bzw. ISO angegeben.

Aus Platzverhältnissen werden im Katalog einige Bezeichnungen abgekürzt und zwar :

A	= anteriore = vorne
C	= composto = mehrere Teile zusammen
DX	= destro = rechts
I	= intermedio = Zwischenteil
INF.	= inferiore = unter
EXP CH	= gilt nur für Export nach der Schweiz
EXP D	= gilt nur für Export nach Deutschland
EXP F	= gilt nur für Export nach Frankreich
EXP U.S.A.	= gilt nur für Export nach U.S.A.
P	= posteriore = hinten
Rich. M	= vom laufend Meter erhältlich
SX	= sinistro = links
SUP.	= superiore = ober
+ MM 0,05	= Teil mit 0,05 mm Übermass
- MM 0,02	= Teil mit 0,02 mm Untermaß
Z	= Zähnezahl

HINWEISE FÜR DIE BESTELLUNG

Der Auftrag für Ersatzteile muss folgende Angaben enthalten :

- 1 - Model und Typ des Traktors.
- 2 - Seriennummer des Motors, oder des chassis je nachdem auf welche dieses Bauteilgruppen sich das Teil selbst bezieht.
- 3 - Die im Katalog angegebene Bestellnummer und die gewünschte Stückzahl bzw. Menge.

Digitale Ersatzteilkataloge

Die vorliegende Dokumentation wurde auf der Basis der Original-Druckversion erstellt. Nachfolgende Aenderungen sind somit nicht berücksichtigt. Bei uns bekannten Abweichungen, finden Sie auf den entsprechenden Seiten ein i-Symbol . In diesem Falle ist eine Rücksprache über unsere *INFO-Line* empfehlenswert.

Die Navigation erfolgt über das Baugruppenverzeichnis auf der ersten Seite. Innerhalb der Baugruppe können Sie dann mit den **READER®**-Symbolen vorwärts respektive zurückblättern.

Weiter gelangen Sie über die Befehle „**ANZEIGE**“ > „**GEHE ZU**“ > „**SEITE ..**“ direkt zu einer bestimmte Seite. Beachten Sie jedoch, dass die **READER®**-Seitennummerierung nicht unbedingt exakt mit der im Druck aufgeführten Seite übereinstimmen muss.

Catalogues numériques des pièces de rechange

La présente documentation a été réalisée sur la base de la version papier originale. Les modifications ultérieures n'ont pas été prises en compte. Les différences qui nous sont connues sont signalées par un symbole «i» aux pages concernées. En pareil cas, il est recommandé de contacter notre *ligne INFO*.

La navigation s'effectue via l'index des groupes de montage de la première page. Au sein de chaque groupe de montage, vous pouvez ensuite utiliser les symboles **READER®** pour aller à la page suivante ou précédente.

Grâce aux commandes «**AFFICHAGE**» > «**ATTEINDRE**» > «**PAGE ..**», vous pouvez vous rendre directement à une page précise. Cela dit, n'oubliez pas que la numérotation **READER®** ne correspond pas nécessairement à celle de la version papier.

Cataloghi digitali

La presente documentazione è stata allestita sulla base della versione stampata originale. Eventuali modifiche successive non sono quindi ancora considerate. Nel caso in cui ci siano differenze di cui siamo a conoscenza, troverete sulle relative pagine il simbolo i . In questi casi è consigliato interpellare la nostra *INFO-Line*.

La navigazione parte dall'indice dei gruppi di montaggio sulla prima pagina. Una volta entrati nel gruppo che vi interessa, potete sfogliare le pagine in avanti e indietro con i simboli **READER®**.

Utilizzando i comandi „**VISTA**“ > „**VAI A**“ > „**PAGINA ..**“ potete raggiungere direttamente una determinata pagina. Vogliate però osservare che la numerazione delle pagine **READER®** non necessariamente corrisponde con la numerazione delle pagine dello stampato.
